New York, NY August 20, 2008 - Inc.com, the online arm of Inc. magazine today announced its annual ranking of the 5000 fastest-growing private companies in the country. The list is the most comprehensive look at the most important segment of the economy - America's independent-minded entrepreneurs.

Mechanicsburg, PA based, Enginuity LLC was ranked 1138. Notably, Enginuity was the top ranked Pennsylvania contractor and the #3 ranked mechanical contractor nationally.

Enginuity LLC provides design/build mechanical services to commercial and industrial clients throughout Central Pennsylvania. Its sister company, Enginuity Energy LLC, specializes in alternative energy, energy conservation and assisting clients in developing "green" building solutions.

Enginuity's CEO, Jim Mooney, proudly states, "the continued success of Enginuity LLC is a tribute to our associate's dedication to customer service. Ongoing interest in energy conservation measures and sustainable designs will continue to drive growth in the years to come".

The 5000 companies that made the list reported aggregate revenue of \$185 billion and median three-year growth of 147 percent. Most important, the 2008 Inc. 5000 companies were engines of job growth, having created more than 826,033 jobs since those companies were founded. Complete results of the Inc. 5000, including company profiles and a list of the fastest-growing companies that can be sorted by industry and region can be found at www.inc5000.com.

"Our second annual Inc. 5000 continues the most ambitious project in business journalism," said Inc. 5000 Project Manager Jim Melloan. "The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth."
